Opening Credits

S

HS is a great school community to be in. Leading the way are the three administrators: Ms. Hayward, Mr. Garvey and Ms. Perez.

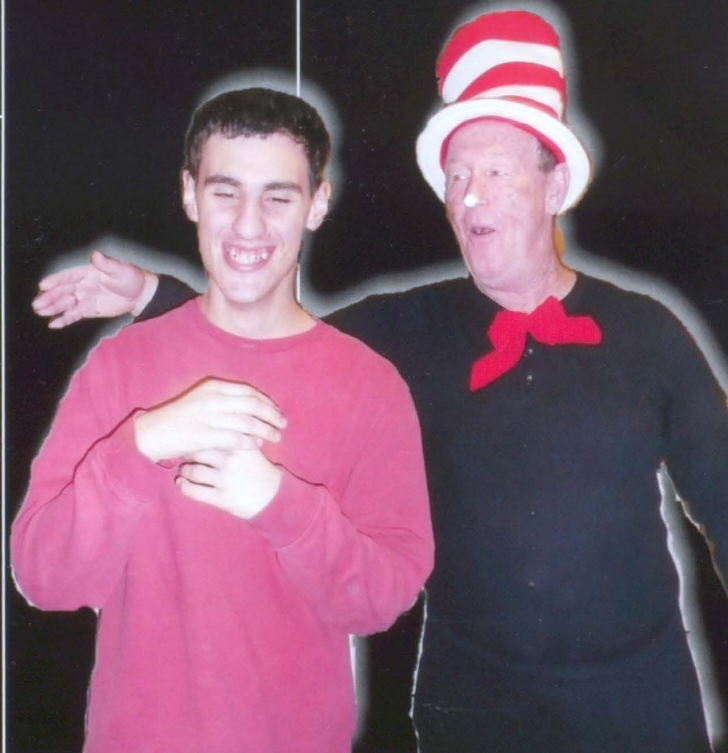

Lights, Camera, 2010!

SHS Class of 2010 premieres

T

ake 2010 is a story that has been in development since 1992. This year, we wanted to collect all the memories in this book for all us to remember in the years to come. This book is complete with behind the scenes footage and bloopers that make up Suffield High School. Seniors are not the only leading roles in our community, everyone has a special part. Our theme was inspired by the similarities between school life and the production of a movie. Suffield High School's movie is a comedy, romance, thriller, drama, and sometimes horror. Suffield High School is a great place to write the introduction to our lives. It may not be perfect, but it has shaped each and every one of us in a special way. The Class of 2010 would like to thank the directors who have guided us, through their knowledge, to becoming the directors of our own lives.

Right:
Matthew Ventrelli and Mr. Garvey show us their funny side on Halloween at Suffield High.

WeEzY

Rachel Rocheleau has been our rock this past year. She is always supportive and always there to flash us a smile. This is just one the silly moments Rachel had this year and we caught her in the act.

YeArBoOk iT!

This years yearbook staff was one of the smallest in SHS history. What we lacked in size we measured up in talent to give the seniors the best book we could make. We wanted to prove that we could do anything we put our minds to! Director Dudeck co-wrote the script of this yearbook along with Anna DiLorenzo, Jackie Ferland, Julie Muscarella and Rachel Rocheleau. Everyone fed off of each others imagination and quirkiness. "Its been the best experience of my high school career. I liked meeting the girls because we became really close," Rachel Rocheleau commented. From the fantastic four, we hope you enjoy the book, and thats a rap!

Jackie Ferland

Mr. Parvey carefully explains to us importance of making a good yearbook.

MuLtI tAsKiNg

Not do we know how to produce a great yearbook, but we also can take over the office when ever the office needs some assistance.

Julie Muscarella

The GiRLS RoOm

Mr. McCullough has been a huge asset of motivation to the yearbook staff but even he makes mistakes. We found him exiting the girls bathroom one day as we were entering.

FaNtAsTiC fOuR

We were never friends before this yearbook class began. By the second day of class you would never be able to tell. From fooling around with a new camera, intimidating Mr. McCullough, or making fun of our favorite yearbook advisor we always had great times and will have memories for years.

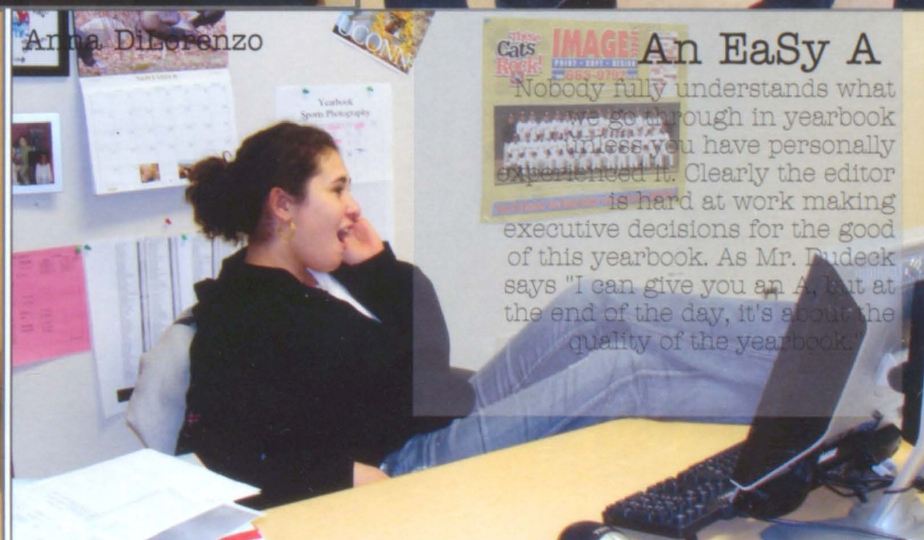

MeAtLoaf

We know sometimes we can be silly and loud but Mr. Dudeck has been the biggest support system for us. Even though he doesn't listen to us 95% of the time, we still love him anyway.

Anna DiLorenzo

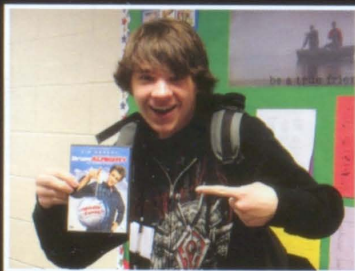

An EaSy A

Nobody fully understands what we go through in yearbook unless you have personally experienced it. Clearly the editor is hard at work making executive decisions for the good of this yearbook. As Mr. Dudeck says "I can give you an A, but at the end of the day, it's about the quality of the yearbook."

Dig In

"The courtyard is a job well done, and is very majestic."
-Andrew Shea

"It's great to get involved and to do something about the courtyard, so now we have a place to enjoy the weather without leaving school."
-Kaitlin Sych

"I think the square has turned into a beautiful, relaxing place. It was great to get involved."
-Ashley Edwards

"It was nice building team unity and giving back to the school, at the same time."
-Kelly Caron

The below picture is the after picture, and was taken during the second to last stage. All the planting has been completed but the grass has not grown in yet.

Act One: Remove the remains of the old courtyard.

Act Two: Put down pavers.

Act Three: Get volunteers to help dig holes, plant plants and tress.

Act Four: Start to grow the grass.

Below: Joel Quintin and Mrs. Lewis volunteered their time after school to help dig a hole for where plants will be placed.

Below: Chelsea Bishop and Mrs. Lombard dig in to help get the courtyard finished.

At the end of the summer, the courtyard began its transformation. All of the weeds and grass were removed and all that was left was dirt. When the courtyard was scrapped clean, a team of workers, led by Holly Markowski, helped place in the pavers to create a walkway. Shortly after the walkway was finished, the new school year began. Volunteers were needed to get the project moving and many students, teachers and teams showed their support by helping dig, plant plants, trees, and other tasks that were needed. Without the volunteers dedication, the courtyard would not be as beautiful as it is today. This is truly a Cinderella story of how the SHS is going green.

Above: Amanda Boyd, Jasmine Flores, Taryn Scozzari, and Emily Ellithorpe are given directions to help dig holes where the plants will be planted.

Rewind, Pause, Reflect.

Season 1: Rewind and pause. Freshman year was only just the beginning of what has become a great time at Suffield High School. You are just starting out at a new school and everything is different. You have to make new friends and meet new teachers. It was good sometimes just to sit back and reflect on what is going on in your new life. By the time that 2nd semester rolled around, you were more familiar with your surroundings and actually knew what was going on.

Season 2: Fast forward a little to Sophomore year. You're a little more aware of your surroundings and you know your way around the school a lot better. But now, you are expected to be a role model and show the freshmen around. Classes get a little more difficult and more is expected of you from teachers. Sometimes you wanted to rewind back to Freshman year, but then you realized that it was so much better to actually know how the school worked.

Season 3: Fast forward to Junior Year. We were all a little worried about being upperclassmen, but ready to take charge. Everyone knew that Junior year was going to be our hardest year and that we were going to have to make sure that we stayed on top of all our school work. Besides school work, we had the chance to do more "fun" activities. Junior year, we were able to go to the prom. We had been waiting for this moment for 2 years and when it finally arrived, everyone was so excited. Even though it went by quickly, the class would agree that it was an awesome year!

Season 4: Skip the previews and head straight for Senior year. This was the time of our lives. We had senior privileges, were able to leave early and be the winners of Spirit Night 2010! We now felt like we were on top and no one could touch us because we were the seniors. As we rewinded throughout the years, we can remember all of the great times that we had. The year went by so quickly with all of the activities that we did in anticipation for our graduation day. Graduation was one of the happiest and saddest days of our lives. We looked forward to bigger and better things, but at the same time were upset about leaving friends that we had known since elementary school. Once it was over, all we wanted to do was press Play!

"My sophomore year is a challenge, but at the same time it's a blast!
- Shannen Staves

"My senior year is going pretty good, I'm not gonna lie. Things couldn't be going any better."
-George Deligiannakis

"My junior year has been going pretty good so far, but it's a lot of work compared to the last two years I've been in high school."
-Emily Dorman

"Freshman year is going great. It's great to have a friend to be in classes with."
- Julie Zajac and Emily Rosa

"Pay attention freshman and sophomore year. Actually care about your school work and don't give up."
- Kaleigh Chappell

"High school is better than I thought. Just work hard and you'll get by."
- Tyler Munter

"I like high school very much. The Ag program is great and I love being a part of it."
- Josh Cardin

"Junior year is the hardest, but if you work hard you'll get through it."
- Brendan Irish

Advice to Underclassmen

"Don't beat around the bush. Always get your work done and don't procrastinate. It's important to be ready for anything that is coming your way."
- Megan Moreau

"Don't be afraid to be yourself! Remember to cherish your high school years."
- Erik Gauthier

"Get involved and do what you can because it will help you out in the long run."
- Jasmine Ruckey

"It's not a good thing to get caught sleeping in class...trust me I know!"
- Matthew Ullmann

Workin' Hard

"I love working at Geisslers especially with Megan and Kendall. I have so much fun every time I go into work."
-Lauren Monsieigneur

"My job is awesome! The people working are mostly high schoolers so it's a chill environment and easy to do"
-Ariel Rogeness

"You meet a lot of people at Suffield Pizza and I always come back with interesting stories to tell."
-Andrea Henao

"I have a lot of fun and have learned a lot working at TJ Maxx."
-Amanda Lewis

Below: Megan Moreau, Lauren Monsieigneur, and Kendall Albert goof around on their break at their job at Geisslers Supermarket in Agawam. Both Lauren and Megan work as cashiers and Kendall works as a grocery bagger. Their friendly personalities never lead them to a dull day of work.

Below: Chris Reynolds takes out some bread from the oven at Subway. He has been working at Subway for the past year.

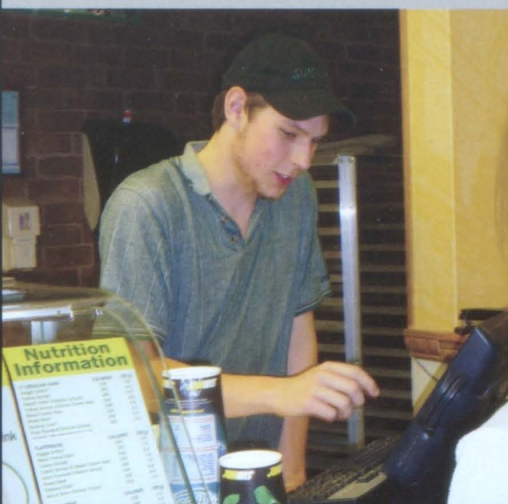

Act One: Apply for a part time job.

Act Two: Get the job and uniform attire.

Act Three: Head over to your job after school each day and work long hours.

Act Four: Get hard earned cash for a hard days work!

Below: Joshua Kozikis checks out a customer after they bought a sandwich at his job at Subway.

In and around Suffield, if you walk around a local shop or store, chances are you will see a familiar face of one of our own SHS students. Part time jobs might seem like a hassle but there's nothing bad about getting some extra spending money. For some students, working a part time job, on top of sports and keeping up their school work proves to be difficult. But the sense of responsibility that comes with the job itself is worth it in the end. A part time job in high school really helps students mature and start their life as independent. A good majority of the current SHS seniors have a job. They range from local jobs at the Suffield Village in places such as Suffield Pizza, or Highland Park Market to clothing stores in Granby and Enfield. Dunkin Donuts is also a popular place for SHS students to work. It's commendable for students to have a job and keep up with school work at the same time.

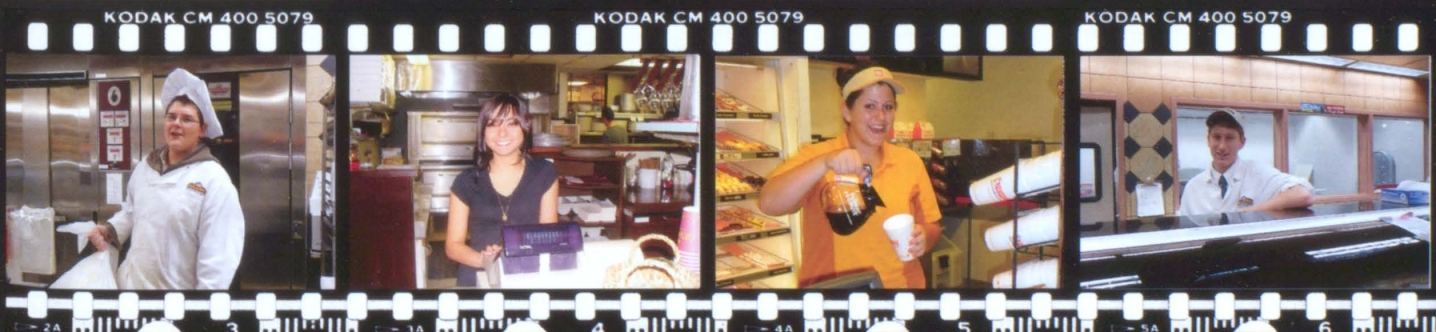

Above: Cashier Ariel Rogeness and bag boy Cameron Loungo work hard at Highland Park Market.

Andrea Hensao works the register and answers phones at her job at Suffield Pizza.

Matthew Schnapp weighs a roast for on the scale for his job at Highland Park Market in the meat department

SHS Role Models

Above: Sisters Jaclyn and Monica Ferland get along great! You always see them walking into school together and talking or laughing. Monica is a very lucky freshman because Jackie is able to drive her to school everyday. That way, she can sleep a little longer and not have to deal with the annoying kids on the long bus ride to school.

Right: Brothers, Eric and Kyle Tenczar, are not just brothers, but friends. They both have the same interest in sports and get along great! They also enjoy their ride to school every morning because it is a time for them to just be brothers!

Left: Jennifer and Angela Zaffetti are always seen chatting in the hallways. They get along great and are always there to support each other with problems or even homework!

CLASS OF
2010

This year at Suffield, there are a lot of seniors for the young freshmen to look up to. The reason for that is because the freshmen have older senior siblings. There are so many seniors that have freshmen siblings this year that it is unbelievable. Having an older sibling in the school means that the freshmen are able to ask questions and on they have someone to show them around the school if they ever need help. A big bonus for the freshmen is that they can get driven to school instead of taking the bus. The seniors also have it made. For the first time in high school, they are able to feel like the boss of their siblings. They can tell them what to do and not really get in trouble for it. Another benefit is that parents aren't as harsh to the seniors because they are worried how their freshmen is doing in high school. They want to make sure that they are well adjusted and that their grades aren't slipping. All together, everyone, freshmen and seniors receive benefits from having a sibling at the school. They are great role models for each other!

Below: Sisters Angelina and Corina Minnocci show sisterly love on day at lunch! They love being able to ride together to school in the morning. But, both agree that sometimes it can get a little annoying to have someone watching you everyday!

Right: Rachel and Jesse Rocheleau couldn't be more different, but now that they go to the same school it is pretty hard to avoid each other. The good thing about going to school together is that now they are much closer than they ever thought they would be.

Left: Amanda and Ryan are your typical brother and sister combo. They get along great and are always looking out for each other. Whether it's at school or at home, this pair is a great role model for the school and other siblings.

2013

Right: Kyle and Morgan Hubbard have a lot in common for being brother and sister. They both love animals big or small and work very hard together. They may argue sometimes, but no need to worry, it doesn't last long until one of them says something funny!

Left: These sisters have got everyone beat! Samantha and Sophia Pandolfi are very close and are always there to support one another. With their love for horses and goats, they are able to grow together as sisters and as best friends!

ACT I Fall

Fall is always a big adjustment for any SHS student. Sports are a great way to reminisce about summer with teammates that become family. SHS Varsity sports teams have a large impact on why SHS is such a great place to go to school. This year, Volleyball was introduced as a club sport. The team had a very successful season. Hopefully in years to come, they will become a varsity sport. The Girls Varsity Soccer team were also Class M Co-Champions. Congratulations to all teams!

Boys' Soccer

Back of the net

The Boys soccer team this year had a real turn around season. The beginning of the season they really struggled putting the ball in the back of the net. A few games into the season though, something clicked and a new boys soccer team took the field. They were playing hard and coming out with the win. A team that wasn't even looking like they had a shot of making the tournament ended up making it to the quarter finals for Class M. Their winning streak was too long for fans and opponents not to notice. They made each game exciting by keeping each game within one or two goals. varsity boys soccer is a tough name to live up to in Suffield and this years team surpassed by an extreme amount. They are graduating five seniors and next year the underclassmen will be running the show.

Above: Sophomore center midfielder Jake Picard guards his player trying to charge the goal. Jake is a strong player both on offense and defense and has a talent of stealing the ball away from the opposing team.

Above: Jaime Perez controls the ball to drive up the field creating a strong offensive play. Jaime was a very strong forward for the boys team this past year.

Girls' Soccer

What Time is It?
GAME TIME!

We Are Who We Believe We Are

The girls soccer team was unstoppable this year. They won their NCCC title, had an undefeated record throughout the season and tournament time, and won Class M State Championship. This young team that no one believed would be successful turned out to be one of the most successful seasons in Suffield High School Girls Soccer history. They held the number one seed in the state going into the tournament and they used that as their motivation to go all the way. The girls didn't just play each and every game with their knowledge and skill, they played with their heart. Their want and desire to achieve a state tournament title triumphed over all their opponents and the score board showed it each game. The team chemistry they shared this year was very tight and all their parents and fans noticed it. This team was the definition of Suffield Girls High School Soccer. Congrats to them for an outstanding season.

Believe to Achieve

The SHS Field Hockey team had a lot to be proud of this year. Leading them way to their first states appearance in 5 years was senior captains Kayla Nadeau, Katherine Sullivan and Kelly Caron. The girls made it to the first round of the states tournament against Granby. This year the team had six seniors graduate and the team is going to miss them greatly. Coach Gatto was the base of support for the Varsity team and Coach Jordison worked with the Junior Varsity team to develop fundamentals and get a feel for the sport. "This year was an awesome year for the girls. I am sad to see the seniors go." Coach Gatto commented on the night of Sports Awards. Next year, the team is looking to another successful season and for a longer states run and a Class S title.

Boys' Cross Country

Run your

#SRS BSNS

The Boys Cross Country team this past year had another successful season and continued to shave seconds off their times. The team grows in members each year and is becoming a very popular sport at SHS. Each member works individually pushing themselves harder and in the end having strong result as a team. The boys came in 2nd at NOCCs. When they weren't speeding by opponents at meets they were running strenuous hours at practice. They would run all around the high school and Bruce park. Cross country is one of the hardest sports during the fall season because of the constant running. These boys have great physical strength as well as mental strength to be able to make it through each week and want to continue to get better.

Girls' Cross Country

Run Like You Stole It

The 2009 Girls Cross Country team this year was stronger than it has ever been in years past. They didn't just have one runner that led the team through every race, they had a group of 24 strong racing and competing. Each girl had inner drive and motivation to work themselves as hard as their bodies can go. This effort was noticed by everyone who watched them practice and compete. They worked strenuous hours after school and during the summer to get into the best possible shape. Their hard work definitely paid off coming out with the NCCC title for Class M division. These girls shared a bond of not only team mates but as a best friends and the memories they had along the way will never be forgotten. Congratulations to the Girls Cross Country for a fun and successful fall season.

The Girls Varsity Swim Team had a big challenge to face this year; who were they going to swim? The team was out of league this year, meaning they had to rely on the teams they have made friends with over the years to compete against. The girls put 9 wins under their belts. While they lost 5 and tied 1. The girls also had a very large states appearance which included seniors Anna DiLorenzo and Kate Eheander, the girls ended up placing 12th in the state out of 30 teams. The team was lead by Captains Anna DiLorenzo and Maddy Droney. "This was one of the largest freshman turnouts with 19 girls eager to swim this year," Coach Walter Beck commented. The team will face some challenges next year losing 7 seniors which included very strong swimmers.

Above: This year the team was lucky to have picked up 19 freshman. Victoria Spencer was a very big asset to the team this year. She swam 100 Butterfly at states where she swam a best time and was 15th in the state.

Touchdown!

The varsity and junior varsity football teams really worked harder than ever this year to have a great season. They fought through every game good or bad so that they could show the other teams what they were made of. Even if they lost, no one got discouraged, but instead they got right back up and were ready for the next game. The teams practiced very hard this year. Everyday after school, they would load the bus and head over to Windsor Locks high school to practice. Since Suffield and Windsor Locks football is combined, the students meet a lot of different people and make a lot of new friends. The players looked forward to going to practice everyday just so that they could hang out with their friends, and also to better the team. You could really tell that the team members enjoyed being around each other, just by watching them play the game. It was very interesting to go to a game and watch the boys play a game that they loved!

This year a Girls' Volleyball Club was introduced to the High School as a new sport option for the fall season. Volleyball is a well liked sport at Suffield High School and many student athletes were excited to sign up. After sign ups, the school realized the interest for the sport. The girls who anticipated playing on the team, got together at the sand volleyball court at McAllister this summer to practice and get ready for the season. Due to the dedication of the team, the girls beat the Suffield Academy Varsity Volleyball team, a huge win for them. This defeat was even unexpected by the team's coach, Mr. Lenser. Even though Volleyball was a club the girls took as serious as if they were a varsity sport. The girls practiced every day of the week, and each member of the team improved drastic amounts. The girls look forward to next season, hopefully being a varsity sport!

The most popular booths on Suffield on the Green are the food stands. Everyone loves to go to the Green and get some infamous fried dough. Many people go to Suffield on the Green for the Book Sale and the Craft Fair. The individual classes at the high school always have a booth on the green to raise money for future class events. Even some students that are not on class councils dedicate their time at Suffield on the Green. Many students from Suffield High School get involved in Suffield on the Green. Not only do Suffield High School students are volunteer their time, the teachers do as well. Suffield on the Green always seems to be a great example of how united the Suffield community is.

They were all really anxious to get the play rolling!

The fall play, *Bone Chiller*, was a real thriller. It really had all of the viewers on the edges of their seats. The students did excellent jobs acting and they all really got into character. The play was based on a real life "clue" game where the actors had to figure out the will of Mr. Travers, who had just been murdered. The will told what everyone had to do in order to get something out of it. But, the real twist on it all was that the will was written like a puzzle using pictures to symbolize the words and the person who was able to figure it out first, would find out who got all of Mr. Travers's money. At the end of the will, there was a post script which told who had murdered the old man. Ross McKinley, who played Adler Sheridan, Mr. Travers's lawyer, was actually found out to be the murderer of Mr. Travers. He did a great job of acting like he wasn't involved with the murder, but in the end, all clues pointed to him. All of the students did an excellent job of showing their acting skills and leaving everyone in the audience thinking during the whole show. Whether you attended the Friday or Saturday performance, you left the auditorium in awe of what our peers were able to do.

Spirit Night 2009 was a blast! Each grade really put together a great show, all of them showing the different talents throughout the grades. The freshman grade went above and beyond what expected. The theme of their skit was arcade and each of the characters of the "game" were controlled by the player who told them what to do. If you can remember when we used to play Mario Kart, then you would have enjoyed seeing this skit. It was very creative and brought a lot of variety to the night. The sophomore grade also came up with a catchy theme, Cops and Robbers. The skit involved many of the students and kept everyone in the audience on the edges of their seats. The robbers went into a bank to take money from the 2012 Vault, but as they proceeded to leave the bank, the cops showed up and that is when the action started. In the end, all of the money was put back safely where it belonged and the robbers were sent to jail. This year, the juniors really stepped it up with the theme of Cirque de 2011. Their skit involved many different parts of the circus including tigers, clowns and a unicyclist. Many students enjoyed watching this skit because it was full of energy and very entertaining. Last but definitely not least, the senior class. The theme of the senior's skit was Nightmare and you could see from the faces of the students in the bleachers that they didn't know what was coming next. The skit consisted of Jeff Leonard, a student, falling asleep during class. While he was sleeping, he had a horrible nightmare with spiders, and clowns and zombies! All of the things that you wouldn't want to have a dream about. Of course the seniors won and everyone was very excited! All in all, Spirit Night 2009 was a huge success and everyone that attended will remember it for years to come!

Act One: Come up with an awesome theme that is sure to be a crowd pleaser.

Act II Winter

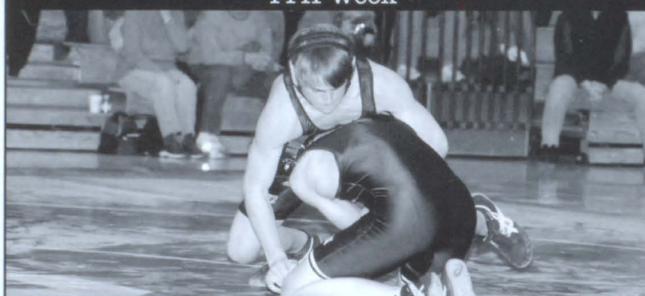

Snow days are a favorite among SHS students during the winter. It's a day to relax and lay in pj's all day. For an SHS athlete, that's not the case. As the snow falls, the athletes become more determined to practice. This year all teams had great seasons. There was a lot of talent on the SHS teams this season. From freshman to seniors, all athletes gave their all during practices, and it showed at games and meets. The winter sports set the tone for spring athletes..

I Am Because We Are

The boys' varsity and junior varsity teams did very well this year. They have a very strong team with a lot of high spirits. They all work together great and have awesome team chemistry. Many of the players, who are freshmen, are on the J-V or varsity team because their try-outs showed the coaches that they could be at that level. They all work very hard at practice each day after school to sharpen their skills and to get motivated as a team. Because of their superior athletic abilities, the Suffield basketball team had a great season. Next year, the team will feel a bit lonely because the seniors will be leaving, maybe some playing college ball. Overall, the team did a great job this year no matter if they were winning or losing.

The Girls Varsity and Junior Varsity Basketball teams proved to be tough competitors this year. They had an attitude that drove them to achieve success and many victories throughout the season. With many starting players returning to the starting varsity team, they had an amazing chemistry on and off the court. The girls basketball team is the definition of hard work. They practice 6 days a week pulling early morning sessions on Saturday. These girls achieved a lot of well deserved success this past year, for getting noticed for their determination and drive. They showed aggressiveness and endurance throughout the season that shined well beyond their competition. You don't want to mess with the Suffield High School Girls' Basketball team.

Freshmen

The freshmen boys this year are on fire! They are giving their all in every game and practice to show their coach what they can do. Since this is their first year on a high school basketball team, it was a great opportunity for the freshmen to grow as players. Next year, they have a better chance of making either the varsity or junior varsity team. All of the boys are talented in their own special ways. Some are good at dribbling and others at shooting hoops. Either way, when the boys are together, the game always goes well, and no matter what the outcome, the boys go home with a smile. The team is certainly ready for the next step thanks to their coach and great support from the other members of the team. Great season boys!

These girls are nothing to mess with. They try their hardest at every event that they attend and love every minute of it. The team believes that hard work and determination are the best way to have a great team. At practice every day, they run sprints and do team building activities to ensure that they are ready to play in the games. They are also a very close knit team who get along just like best friends. It is very important to have good friends on your team so that you all get along and the freshmen girls are the definition of a good team with great friends. Don't get put in a hold

The wrestling team has worked very hard this year. They are a very close knit team and are willing to do a lot to make sure that they have a good season with a lot of wins. At every match, they cheer on each member of their team encouraging them to do well and to fight the opponent until they win the match. The team has a lot of new members this year due to an increase of interest from the freshmen. Even though there are a variety of ages on the team, they get along great and the older members are always offering advice to the younger ones. This season was very successful and the team hopes for many more. Cory Allen said "Wrestling was an awesome experience and I look forward to doing it again next year". Next year, with a new

group coming in, the team will definitely miss their seniors Mario Santos, Kyle Sheridan and Gregory Paquette. They have been a great addition to the team for the past four years and their absence will be noticed.

The boys swim team made some changes this year. This year is the fifth year for boys swimming, Started by Walter Beck. This year the boys had some fresh blood added to the team. There are nine boys on the squad, six returning members, there is a new sophomore, and two new freshman. The team also has a new head coach, Jaymeson Horanzy. Jaymeson was the assistant coach of the girls swim this year, and took over for Walter as the boys head coach. "My experience is mainly with diving, but watching the girls season really helped me pick up the sport quicker." Horanzy commented. The boys are always looking for more athletes to try the sport to make the team grow. The season was a building season for the boys. With no seniors, next year should be bright for the team as well.

Not only is Marc a terrific diver, he is now a wonderful breastroker. Marc has qualified in states two years in a row for diving and his breastroke skills. Marc has been a large asset in racking up points for the boys during dual and state meets.

Boys' Ice Hockey

Slap Shot

The Boys' Ice Hockey team this year had a really strong season. They had high hopes for their season this year and did not disappoint. Their team was mostly made up of upperclassmen graduating eight great seniors this year. Their tough attitudes and strong leadership on the team will be missed next year. They Hockey team proved to be one of the top teams in their league this year. They won a good portion of their games and when they did, they were by multiple goals. They boys overcame a lot of tough challenges this season which, in turn, has made them stronger as a team. These boys had incredible speed on the ice as well as great team chemistry. Watching their fast paced games were very exciting for all fans.

Last Leg

The Boys' Indoor Track team this year has proven to be tough competition. Their strong sprint distance runners and even stronger distance runners always finished in the beginning of their heats. They practiced hard every week running through the halls of Suffield High School. They would have timed workouts as well as long distant runs outside in the cold to get them in shape for the upcoming meets. A lot of kids do indoor track just to stay in shape for the upcoming spring season, but these kids had the dedication and are there because they just love to run. Field events are also very popular in indoor track including long jump, high jump, pole vault, and shot put. The boys team had strong runners as well as strong field event competitors. They did an awesome job at this years Class SA NCCC's. Congratulations to the Boys' Indoor Track team for an awesome season!

Final Distance

The Girls' Indoor Track team this year had an outstanding season. They held strong runners in virtually every event they entered. There was not one weak runner on the team this year. They practiced hard everyday after school and their hard work paid off by doing incredible at NCCC's. By early to mid season the girls' team already had a large handful of girls qualifying for the State Tournament meet in the relay events as well as individual events. The team pushed themselves all season to become better runners and better athletes. They hit the gym hard every monday and wednesday doing free hand weight workouts incorporating all muscles. Their strenuous workouts paid off big this season for the Girls' Indoor Track team. Only good things can come in the future for this team.

Let's Get Loud

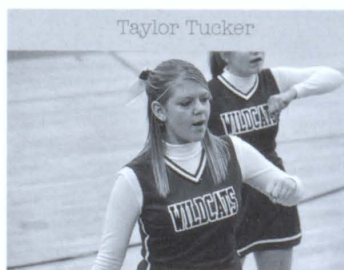

With eight freshman that make up half of the Cheerleading squad, this team has a lot to be proud of. Record numbers came out to participate on the Cheerleading team this year. The team has grown larger than ever with seventeen girls on the team. This year, there was also a huge addition to the team, Coach Kelly Schoner. "Coach Kelly has made our team a family, we are all excited to have her as a coach next year." Amber Alhusseini remarked. The girls practice in the chorus room after the Dance Team every day. The team cheers at boys Varsity Basketball home games. With no seniors this year, will have all returning members and maybe some additions to the team. The girls are excited for another successful season next winter.

The girls dance team has a lot to be proud of over the past few years. These girls have been transformed by head coach Lisa Worcester into an amazing act to watch. Not only did the girls work hard on the dance floor but they raised money to buy new uniforms and warm up suits. The team practiced everyday after school in the chorus room. The girls perform at half time during the boys Varsity Basketball home games. "Most of these girls have no dance background at all. It's amazing what they can do when they put their mind to it." Coach Lisa said before going out during half time at one of the games. The team had nine freshman try out for the team, seven of them made it. Also this year, Coach Lisa has been using her training from the American Ballet to add the girls routines. "We are spicing up ballet into a fast pace dance, everyone should come check us out." Coach Lisa commented.

Mr. Suffield is an annual senior class fund raiser, and this year it took place on December 3rd in the High School auditorium. The audience was packed with students and supportive parents and family of the contestants. This year, the senior class had ten boys competing for the title of "Mr. Suffield." The boys had to compete in categories in a beauty pageant style event. Categories included; casual wear, formal wear, swim wear, Suffield fan, and a new addiction superhero. Also, every year the contestants need to perform a talent. This year the talents ranged from dance routines to guitar playing and of course the amazing sing acts. All the Mr. Suffield contestants gave it their all and did a superb job. Congratulations to all who participated and of course a special congratulation to the new Mr. Suffield Peter Armata.

FFA has started a new tradition at SHS. FFA Week now takes place the week before February vacation. FFA students now have a "spirit week" which resembles SAB'S spirit week. Every day the students dress up according to the day. The more points recorded by grade, the greater the advantage the grade receives at the end of the week during the games the students play. On the last day, the students break up in to groups of ten or so students. The students play about eight different games and the winners of each group score points for their grade. Games range from balloon toss to cake eating contests, and even an egg and spoon race! Overall FFA Week was a hit, and students are excited for next year. After the games were played, students ended the ceremonies with an ice cream social organized by the students. This sure was a sweet event!

Act III Spring

For any student at SHS spring is the best time of the year! Finally the end of the long seven hour days are coming to an end, and the eight weeks of fun in the sun are in sight now. Great events happen in the spring. All the varsity sports had amazing seasons. Prom and the Freshman and Sophomore Semi Formal were nights to remember! Finally, April and Summer breaks gave many SHS students opportunities to travel to Europe to make lasting memories.

Face-Off!

Coaches Conway, Cervione, and Lee helped create a fantastic team this year. They all had an insight on making the team better than previous years. Without the coaches, the boys would not have had a successful season as they did. The coaches were great mentors for the boys on and off the field. Their goal was to make the boys give 100% every time they were on the field. This year the boys did not let them down. All the boys gave their best this year and showed it on the field. The boys practiced everyday after school. They were a really dedicated team and didn't want to let their coaches, teammates or themselves down. The boys can lose a game and still walk off the field content, knowing they gave it their best effort. The boy's lacrosse team is more than a team, they are a family. They work like a pack and carry each other not just themselves. Losing five seniors will only make room for five more hardworking athletes who love the sport.

On the sidelines during the game you would always hear the girls cheering for their teammates. While watching the game you can see how serious they are and see the concentration. Even when they are down in a game you can still see how much effort they put in to try to get back on top. Double Play

Both the Varsity and Junior Varsity baseball teams worked extremely hard this year. They really showed their coaches what it is like to work together as a team. Each member of the team made it to every practice because no one wanted to miss out on any new plays or just having a great time with their teammates and friends. Every game that was played, whether won or lost, was a great experience for all the players. Everyone on the team learned new ways to field to minimize errors and new strategic plays to earn runs. There were many times when the team just wanted to give up, but they pushed through that feeling and didn't care what the outcome was. Their coach was very proud of all that they had accomplished and how they had progressed throughout the season. The Junior Varsity team had a lot of learning to do in order to keep up with their older peers on Varsity. At the end of the season, the team had to say good-bye to their seniors. It will definitely put a damper on next year's team, but with knowing how strong the team is, they will embrace the new players with open arms hoping only the best!

Outta the park

In years past, the Suffield girls Varsity and Junior Varsity softball team has been unstoppable. Their skill and high level of dedication triumphed over all of their opponents. The Varsity level had a new young roster take the field replacing the nine graduated seniors, many of which made the Varsity team as a freshman. Four returnees, two pitchers and two catchers, lead the team to another outstanding season. The team chemistry between the varsity team was one not to be reckoned with. Congratulations to the Varsity softball team for their NCCC victory three years running. The very young and talented Junior Varsity team this year was one to watch out for. They followed in the footsteps of the Varsity team and held an outstanding record. Their attitude of never giving up really paid off this season. Great job girls softball!

Girls' Golf

Swing Easy,

Keep on Golfin'

Having more players than spots on the varsity girl's golf team is something that coaches Mr. Kilby and Ms. Cunningham are not used to. 23 girls once again signed up to try this tough sport out, and 10 survived. This season looks to be promising as freshman Kim Mai led the girls with the number one varsity spot. Captain, Anna DiLorenzo captured the second and Anne Treglia was a close third, both third year players. "I can remember when there were only three people on the team when I was a freshman; it was hard to even compete in a match," remarks Anne Treglia. This year the girls were not short on players by any means, they had a rotation of girls who played in the fourth and fifth spots during matches, and other girls on the team played behind the match eager to get better so they could play in the matches that followed. At the league tournament, Kim Mai won with an 83, and Anna DiLorenzo took home honorable mentions.

A Driving Force

The boy's golf team was looking to capture the conference title this year after a great finish by sophomore Andy Mai, and junior Mike Masso from the 2009 season. This was the second consecutive year that the boy's team has qualified for the state tournament. The team was lead by Coach Kyle McCullough, in his eighth year being head of the team. Coach McCullough's outlook on the season was "guarded optimism," he commented while the boys were getting ready for their first match. The team had a rocky start by only losing to Somers High School by 6 strokes, but the boys managed to pull together as one and have a successful winning season. Their record was 13-1-1, winning the Conference title. With three graduating seniors the boys have some challenges ahead in the upcoming seasons.

Boys' Track

Run your heart out.

Unstoppable Speed

Determination, strength, and pride drove the boys to a very successful season. Track and field is a very strenuous and demanding sport to participate in, but the boys team showed no fear as they gave 100% every time they stepped out onto the track. They trained hard and competed harder. The team excelled in numerous of the running events taking the few top positions in each and every meet. However, their drive wasn't the only thing that made this year's track team as great as it was. The boys always offered each other a lending hand to help their teammates improve. The team stayed strong throughout the season and gave a remarkable effort at NCCC. The season truly was outstanding and all their hard work paid off and will be remembered.

The girls' strong track and field team had another outstanding season. The girls track and field team put in an outstanding effort at every practice meet. This team is the true definition that hard work and determination really do pay off. Track and field has such a variety of different events that take place during a meet. Meets include events such as running, the javelin, long jump, pole vault and shot put. From the beginning of the season to the end, it was hard to find a town better than our Suffield girls who could excel in as many events as they did. They pushed themselves during practice and it definitely paid off during their meets. Not only was the team full of skill and strength, but it was also full of teamwork. The team gave it their all in the NCCC and was unstoppable. The season ended with power, victories, and many memories.

Boys' Tennis

S-U-F-F-I-E-L-D...Go
Suffield!

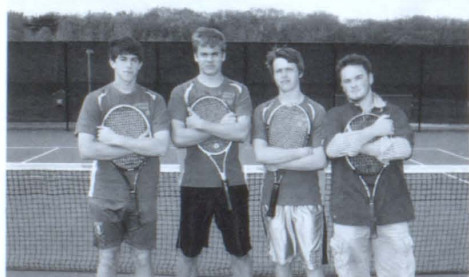

You got served

If you were on the boy's tennis team, then you would agree that this was the best season ever. The boys did an exceptional job with making sure that they all came to practice every day and that they all played to their best abilities. Their coach, Mr. Janick, is very proud of how the boys did this year and hopes that next year the team will do even better and have even more players. At the matches, every person on the team was ready to win and had a lot of determination. Junior Brendan Stephen said, "This year we have 5 more matches than usual. We play matches 2-3 times per week. But we all enjoy it!" One of the benefits of being on the tennis team was making new friends. The players were around each other so much that now they have new found friendships. Being close to each other made it easier to get along and to do their best at all the matches.

This year, the girl's tennis team was unstoppable. They put their all into every match and their efforts certainly paid off. All of the girls agree that this was the best season ever because they worked as a team and their coach, Pat Wardwell, was a great help the whole way. The girls also went to every match possible so that they could show off their skills and tell the other teams what they were up against. Sophomore Neha Mehta has a great time playing the game, "I really enjoy playing the sport. I love being able to play a competitive match and feel good about myself." The team believes that the reason that they had such an awesome season is because of all their practice. The coach held practices almost every day to make sure that the team was ready for anything that was coming their way. Their captains were Rachel Packard and Katie Zein. They were chosen by Coach Wardwell for their hard work and positive attitude on and off the tennis court.

For one night in May, the Freshman and Sophomore classes came together for an unforgettable night! This year, the Freshman-Sophomore semi formal was named "Under the Moon in May"! Everyone had such a great time getting dressed up for a night with friends and classmates! For the Freshmen, this was really a night that will never be forgotten because it was their first high school event!

The semi formal was full of high energy and fun music! The DJ was a hit and played all the popular songs that the students loved to dance to! Overall, the students that attended to semi formal had an awesome time and they couldn't wait until next year's dance!

After winter break students begin to talk about the Volleyball Marathon. This year more than twenty-nine teams were accepted to make the competition fierce. All the teams were competing for the title of Volleyball Marathon Champions. Many people came to have fun and hang out with their friends. Others took it seriously and put their best efforts into every game. While others teams take up the gym others stay occupied by, playing video games and listening to music. Many kids brought electronics to stay busy when there team was not playing. Kids didn't just bring electronics they brought tons of food and candy. Sleeping bags and blankets were laid out on the commons floor. Most kids tried to stay up all night some tried to get some sleep. As the competition broke down, it was time for the semi finals leading up to the intense championship match! Congratulations to the winners and thanks to all of the teams that participated in the Volleyball Marathon this year.

Little Shop of Horrors was one of the most challenging productions Ms. Holland and Mrs. Hoffacker have put on in years! Little Shop of Horrors, a musical comedy written by Howard Ashman and composed by Alan Menkin. Seymour, played by senior Evan Laux, struggles with his sad life on "Skid Row" until he constructs a mysterious plant called the Audrey 2, named after his love interest Audrey played by senior Margaret Kelliher. This plant grows enormously to monster size and brings him fame, fortune and love. What could go wrong? The plant originates from Mars and has plans other than looking good and giving off CO2. The plant was a crowd pleaser as senior Matt Magda was the plants comical voice. Little Shop was a crowd pleaser and one of the best productions in years.

Act One: The second week in January was a very stressful week for Ms. Holland, audition after audition to find the right cast and crew for the spring musical Little Shop of Horrors.

Act Two: It was now time for the actors and actresses to come together to make this production a success.

Act Three: Bringing in the musicians to form a "rock band" atmosphere. Gregory Hall playing acoustic guitar, Shaughn Flynn playing bass guitar and Mr. Joseph Migliore playing piano.

Act Four: Opening Night...

The theme of prom, "A moment like this" really sums up what everyone was feeling the entire night. There really was no other time in anyone's life that they had ever felt like this before. It was a time of just being with your friends and enjoying the time that you had with them. Prom at Suffield High School, like every other high school, is a big deal, and after months of planning and anticipation, the night finally comes together and everyone enjoys themselves. As expected, many people showed up to this one in a lifetime event. Both the junior and senior classes came together for something that they will never forget. Then again, it will be very hard to forget such an event like this; many pictures and memories will be with the students for the rest of their lives.

Once fourth quarter starts, Suffield High School starts to feel a "sigh" of relief. The year is finally coming to an end. Students, even teachers are ready for the long lazy days of summer. The Student Senate, led by Mr. Casolari, organized a school wide pep rally.

The idea of the pep rally was to recognize and applaud the accomplishments of the winter and spring sports teams. Each team captain was allowed to make a brief speech about their team and what they accomplished during the season. Once the speeches were complete the fun began.

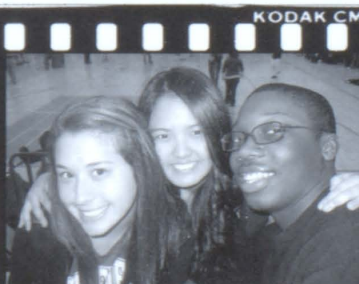

The pep rally had a Spirit Night type atmosphere. Mr. Garvey controlled the floor, after the captains of each team spoke. Once 2:10 came around another school day was over. The gym was left one more time by SHS students. With laughter and excitement.

If there is one phrase to say after seeing this years student senate run talent show, it would be that Suffield High definitely has students with amazing talents. There were acts which included singing, dancing, playing instruments, and even juggling. The very skilled students preformed their hearts out in a show that was talked about for days after it happened. The audience will not be forgetting these amazing performance for a long time. First place performance went to Brett Kaselouskas singing Upside Down by Jack Johnson. Second place went to Nicole Picard dancing to T-Shirt and third place went to Molly Drenzek singing The Best Day by Taylor Swift. Each contestants talent shined brightly the night of the performance. Congratulations to all the performers and to student senate for putting on a classy show.

Vamos a contar!" That's what the 39 students heard from their chaperons, Sra. Riordan, Sra. Perez, Sra. Messmer, Srta. Packard and Sr. Shultis everyday so that they could keep track of them at all the amazing places that they visited in Madrid, Spain. The students got a real taste of what it was like to live in

another country because they had to eat, act and talk like Spaniards. They also got opportunities that you wouldn't believe! The students got a chance to go to a soccer game, participate in a cooking class where they learned how to make Spanish dishes such as Paella, and some went to see a bull fight.

The group also traveled by bus to nearby cities to see other places other than Madrid such as Escorial, Segovia, Avila and Toledo. At all of these places they were able to see The Valley of the Fallen, El Escorial and many other beautiful palaces around the area. It was even very interesting to just walk

around and see how naturally beautiful Spain was. There was so much more to see than in the United States. Most said that it was the best trip that they have ever taken. Many wish to go back and study abroad. It was definitely a trip of a lifetime!

The Suffield Vo-Ag department are involved in a lot of things throughout the year. They are always trying new and exciting activities to keep their students interested. The first trip that they take is going to the Big E. Students look forward to this trip every year because they are able to learn more about what they are studying in class and also they get to participate in the parade. Next, the group of officers and other select students get a chance to travel to Indiana to go to the FFA National Convention. This is a very big deal because the students are able to get involved with other FFA students. They meet lots of wonderful people and listen to many motivational speakers to help shape them to be better, more rounded people. During the holiday season, every student in FFA participates in the Holiday Sale. During this time, they help to make wreaths, bows and kissing balls to sell to the community or to donate to local nursing homes. The Vo-Ag department offers a variety of classes for all their students to take. Some of them are floral, equine, small animal and even a vet class. These classes give students the opportunity to grow in different ways than the regular classes at Suffield high. In addition to all the other great things that they do, the Vo-Ag department brings many students to the school from many different towns including Hartford, Granby, Enfield and Windsor Locks. They are a great addition to our school!

Clubs

Suffield High School has a variety of clubs to offer the students. This year, we were fortunate enough to have over twenty clubs to choose from. The club choices range from student council all the way to best buddies. Many students are involved with these clubs and enjoy being apart of the school. It is very important for students to get involved with the school, and while getting involved, they are helping their community.

Take The Time To
Thank Our Parents...)

Screen Play

Our Family has been there for us since the very beginning. In the next chapters of this act, family is a very important part of our act.

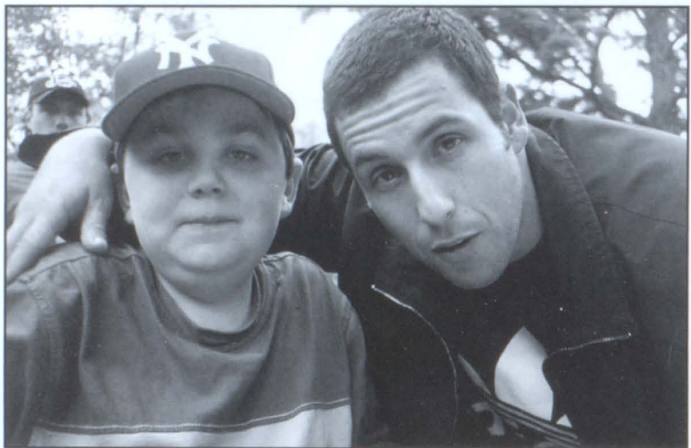

High School is a tough age for teenagers and parents to get along. Senior year is bittersweet for families, the stress of applying to college and still trying to focus on academics. This section was designed for parents to acknowledge the seniors at Suffield High School's accomplishments over the past four years. The class of 2010 would also like to thank our loving parents for all the support over the years!

Erin Linsenbigler

*Erin,
Follow your dreams and we know you will succeed.
You are a great daughter, sister and friend. College is
just the next step in life. To achieve great things you
must imagine it, believe in it and act on it. You are an
amazing young lady and we are very proud of you.*

*All our love,
Mom, Dad, Caitlin, Cody*

Congratulations Angela!

It's been amazing seeing you grow from the baby we brought home from the hospital to the beautiful young lady you've become today. We're very proud of all the hard work you've done and we know you'll do great in college.

Love - Mom and Dad

Congratulations Emily

Through our childhood we have developed quite the friendship... from catching snakes and bugs to turning our room into a huge fort. I will always be your big brother. Whenever you need something, I will be there! Good luck with whatever you decide to do in the future.

I love you.

Congratulations, Ralle, we are so very proud
of your accomplishments!

Ralle Adrian Rookey

From the moment we held you in our arms when you were born, to the moment you walked down the aisle for graduation, we have always believed in you and your extraordinary abilities. Ralle, you have exceeded all of our expectations far beyond belief! We will always support your choices, as you are destined to do great things in life. Thank you for being "you"... be true to yourself and you will always find internal happiness!

Love, Mom, Dad, and Crista

Elle

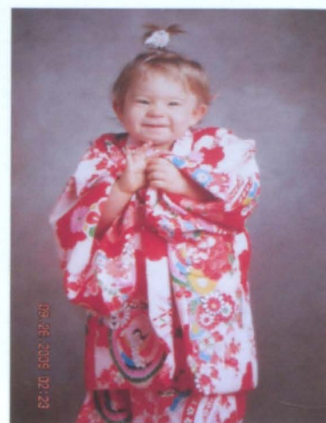

We are so proud of you. You've worked very hard and have already accomplished so much. Your graduation from high school is only the beginning of your journey. You've always remained true to your values and that characteristic will serve you well in the future. We know that your future is without limitations, and can't wait to watch you succeed. You are an amazing daughter and we are very blessed.

With all our love, Mom & Dad

KAELA HUTHER

We kissed your knee when you scrapped it and cheered you up when you were sad. It seems like a moment ago you were a baby in our arms and now a beautiful young lady on the eve of your graduation. But should you ever need a kiss on the head or a hug when things don't go quiet right, our hearts and door will always be open. We are so proud of you. WE LOVE YOU!!!! Best of luck!!!!!!!! All Our Love, Mom, Dad and Kevin

CONGRATULATIONS

TO OUR BEAUTIFUL GRANDDAUGHTER
RACHEL

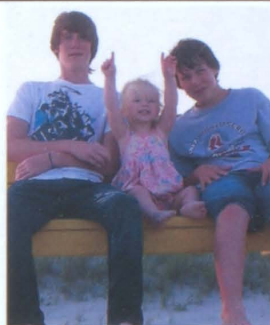

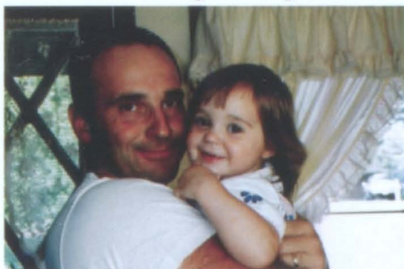

We know you will succeed in whatever field you choose. You bring so much fun and happiness to our family. We are always proud of you and wish you the very best future possible. We love you Rachel.
Papa and Junkie

Kristi

The road that you have walked has been a long and difficult one, you have overcome much and it has made you a stronger, special you. Your family is very proud of you! There was a special man that used to say "Be strong, take the pain" and you have done just that. Never forget "What you see is only half of what there is."

*All our love,
Mom, Jamie, Carly, Brandy and Allie*

Sean Riddell

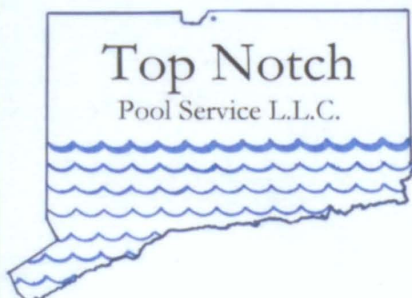

Congratulations Sean!

Mom, Dad, Austin and Ava are very proud of your accomplishments.

Do you have the same interest you did freshman year?

BIG Change

Over the past four years you have grown up, in many ways. High school has helped you set your goals, and become a more invouled person. You are really different from the person that entered High School. You left with more new experiences than others and grew up alot faster than you thought.

small change

High School has changed you in a small way. Going into High School you were set on what you wanted to do and you usually did it. Something changed here and there but over all you're pretty much the same person as you were as you entered high school.

No Change

High School was just another step towards your future goal. You came into High School knowing what you wanted to get out of it and your ways have not changed at all over the past four years.

Did you attend a lot of the school activities?

yes

Do you listen to the same kind of music as you did freshman year?

The Class of 2010 would like to thank all the supporters of the 2010 yearbook! Especially to our friends and family who have watched us grow over the years! Thank you again and a special thanks to Suffield High School for all of the fond memories over these four years.

Thats a rap folks!
